To: Mark Weber markweber@mac.com

Hi everyone,

A big thank you to all the volunteers who joined us this morning for *Chip the Parkway 2026*. The weather more than cooperated, it was absolutely gorgeous, and the turnout was exactly what we needed.

Thanks to your hard work, the muddy, washed-out pathway is now restored with fresh wood chips, and we're set for another season. The trees and garden beds also got a great refresh.

A few highlights:

- **Efficiency:** The entire pathway was restored in under an hour—impressive work.
- **Special thanks:** Schanmier Landscape for the prompt and professional wood chip delivery.
- **Bonus:** Extra material allowed us to mulch the trees and gardens across the street.

We hope to see you at upcoming events:

- *Walk the Trail:* First Saturday of each month
- *EcoFest:* Details coming soon

Thanks again for helping keep Winnslie Parkway such a unique asset for the neighborhood.

Warm regards,

Mark Weber, Tim Gillengerten & Roy Wesley
